Michelle,

Attached is the RTOC agenda and the Draft Talking points. The talking points are brief in part because we've got a very full agenda. We've got EPA speakers identified for the first four topics. These topics were selected because they are timely and in several instances out for consultation or an update on a recently finalized action (Ex: CWA 401). The remainder of the meeting EPA will be listening as the RTOC has invited ATNI and the NTC Chair Gerald Wagner to provide updates.

Please let me know if you have questions or would like to discuss.

Thanks.

Andrew
